

Brian Jennett, AIA AICP
Director & Regional Manager, Economics + Planning, SE Asia
AECOM

Brian Jennett has over 15 years of experience in a broad range of jobs related to urban planning, architecture, and real estate strategy. A US licensed Architect and certified Urban Planner, he is now focused on market analysis and financial feasibility studies for a wide range of private development and public sector planning projects. Brian is a Director at AECOM Singapore and the Regional Manager for the Economics practice in Southeast Asia (16 people).

AECOM is one of the world's largest Engineering, and Construction Firms. A global provider of professional, technical, and management support services, it has over 50,000 employees in 100 countries serving a broad range of markets, including transportation, energy, water, buildings, and the environment. In addition to planning and design, the firm has expertise in feasibility, program and construction management, operations and maintenance support, and asset management for a wide range of infrastructure and building types.
