MICHAEL D. BROOMEELL
MANAGING DIRECTOR | COLLIERS INDONESIA

ULI is an organisation that represent members from the entire spectrum of land-use and real estate development disciplines working in private enterprise, academia and public service.

Indonesia is a rapid developing country where exciting urban and real estate developments are taking place. We are pleased to announce that ULI started its Indonesia chapter in 2022.

As Indonesia copes with the return to normalcy after the pandemic, we will have to rethink the way our industry is planned, developed and managed. We will need everyone from corporations, academia, practitioners and students to play their role in the emerging conversations and actions.

We welcome you to join our mission.
